*Published Quarterly - Vol. 14, Issue 1*

*January 2020*

*From the Mayor's Desk:*  
Happy New Year! 2020 is here and I have several things to share with the residents of Brookland. As your Mayor I cannot begin to tell you how important this year is to our city. Our state turnback revenue and county sales tax revenue is based on our population. April 1, 2020 is the date the 2020 decennial census will begin. The revenue for the general and street funds will increase, based on the population. If you have any problems let us know and we will get you the help you need to be counted. As you read in Jonesboro Sun and saw on KAIT8 news we have a pet feces problem. The Brookland City Council has passed Ordinance 2019-12 that deals with animal feces. As our town grows in population, our pet population increases as well. Ordinance 2019-12 takes effect January 1, 2020. Citizens walking their dogs shall carry a plastic bag and if their animal defecates, it must be picked up and disposed of. As with any law, to help our citizens with issues, our police department needs your help. You can simply take a picture or video and come to city hall and fill out an affidavit. This will be given to police chief and a citation may be written at that time. If you have any questions you may contact Chief Moore at Brookland Police Department.

Another issue regarding animal control that recently came up, was that city employees were falsely accused of how they handle dogs after picking them up and taking them to the pound. It was reported that we had a "maniac worker" catching dogs and this person was euthanizing them after just several hours and that they were given water from the sewer lagoon ponds to drink. In the 13 years as your Mayor, we have worked hard to find every animal a home. The very last thing we want is for an animal to be euthanized. However, there are city and state laws that SHALL be followed before release. Bobby Williams with animal control works with all local animal organizations to help find abandoned or surrendered animals a home. School traffic continues to be an issue twice a day. It is about a 30 to 45-minute time frame during the morning and afternoon that is affected. We continue to look at all areas affected and are working with engineers to come up with ideas to help. As our school area continues to grow, increased traffic flow will also be a concern. We have School Street on the next TAP Grant cycle. We will continue to work with engineers and ARDOT on ideas that will help with school traffic issues.

Several drainage projects that are currently in the engineering phase for 2020. Several of our streets will have maintenance work done on them this year in preparation of revenue from our 2020 Census allowing us to overlay many of our streets in 2021. Two projects that have been started, that we plan on finishing this year are Stevens and West Matthews widening work. Watch for work signs as projects begin this spring.

I don't mean to sound like a broken record, but I can't begin to tell you how important the 2020 CENSUS is to our city. Let's make sure we are counted for the future of Brookland. I also believe this count will help us draw a grocery store to our area.

As we start the New Year, I want to say Thank You to our workers, City Council, and Planning Commission for their hard work in the past year. We will work to improve our city for future generations. I want to say a special Thank You to our citizens who have believed in our city. I hope you have a Blessed 2020 and remember our City and Country in your prayers.

*Mayor Jones*

## **Winter Tips**

Once again, winter is upon us. Just a few tips to help you through the cold: 1) Keep your cabinet doors open on cold

nights to help keep your pipes from freezing. 2) Have someone check the antifreeze in your car. 3) Care for your animals outside.

## RECYCLE!

The following residents' names were drawn and they won \$25 in the Bluebag Recycle Program sponsored by the City of Brookland. The following items can be recycled: all metal cans, all colors of glass and all grades of plastics with the recycle triangle. Everything goes in the same bag together. Bluebags are available at City Hall. Just fill out the attached tag and your name will be entered in the weekly drawing. Citizens who live in the county and bring their blue bags to put them in the recycle trailer need to remove the name tags and bring them into City Hall or leave them in the drop box.

Also, remember to recycle your newspapers and old magazines. Put them in a separate sack and put them out with your bluebag.

## Christmas Parade

### Update:

The theme was "Christmas Through A Child's Eyes" for the 19<sup>th</sup> annual Brookland Christmas Parade on December 1, 2019.

We had another year of good weather and despite it falling on the weekend following Thanksgiving, the participant and spectator turnout was great! All the float entrants did a great job of building good floats this year and were so creative in how they portrayed the theme. They are all to be commended for their hard work.

Also, a huge thank you goes out to city employees and fire department personnel who helped block intersections for the parade. Prohibiting vehicles from entering the parade route allows us to provide a safe environment for parade participants and spectators.

Winners are as follows:  
Float: 1<sup>st</sup> Place – Restore Church; 2<sup>nd</sup> Place –

Danny's Diner; 3<sup>rd</sup> Place – Brookland United Methodist Church.
